

Allow Us to Introduce Ourselves

The 2017 Camp Marin Sierra Management Team

Tim Wells—*Camp Director*

This is my eleventh year as camp director, and I have worked for the BSA and Marin Council since November 2005. From 1993–2005, I was heavily involved as a volunteer, not only in Cubs, Boy Scouts, and Venturing with my son and daughter, but also at the council level with Cub Scout and Boy Scout camping, marketing, training, and as an aquatics director. On the regional level, I have been a trainer at fifteen or so Cub Scout and Boy Scout National Camping Schools. After sending my own children to work at camp for many years, being able to be at Camp Marin Sierra myself is a dream come true. Working with the outstanding staff and troops that attend each year has been a wonderful privilege. My goal for the summer is to ensure troops have all the resources they need to successfully run their troop program for the week they are in camp. My favorite snack is Triscuits, salami, and cheese.

AJ Quilty—*Program Director*

This will be my eighth summer working at Camp Marin Sierra. I have been the director of Trail to First Class and the Trading Post, have worked in the kitchen for two years, been the Cooking merit badge counselor, and an assistant commissioner. This will be my first year as program director and my first year on the management team. I have been an Eagle Scout since July of 2006, and I love to pass on knowledge, and watch Scouts experience the outdoors. My goal this year is to make a fun, safe, and memorable experience for all Scouts, leaders, and staff. Camp Marin Sierra 2017 here we go! I do love me some Doritos.

Andrew Chappell—*Commissioner*

This will be my sixth year at camp. Previously, I worked at Trail to First Class for two years then Trail to Eagle for 3 years—twice as director. This year, I will be the awesome commissioner to assist you this summer. I am very excited to work with you all. At home, I am a college student at Santa Rosa Junior College working toward an administration of justice degree. In my free time, I play rugby and do almost anything that has to do with the outdoors. For me, it will be a very different summer and I'm eager to see what's to come of it!

Jaymee Liles—*Food Services Director*

This is my second summer working at Camp Marin Sierra. I've been working in food services for about 5 years now. Before coming to the Marin Council Boy Scouts, I worked for the Girl Scouts of Northern California. It was after working in the kitchen here at Marin Sierra that it became clear to me that cooking was something I wanted to pursue on a professional level. This year, I am proudly returning as the food service director. I am excited to really challenge myself careerwise, but even more importantly, I am looking forward creating the lifelong memories and friendships that come along with camp. My goal is to make the food as delicious and unforgettable as possible. As a cook, my favorite "snack" is coffee, and I also have a weak spot for sour gummy worms.

Kevin Marer—*Business Manager*

This will be my fifth summer working at Camp Marin Sierra. I have worked in Handicraft, Scoutcraft, as well as two years as the Shotgun Assistant. This will be my first year as the business manager and first year on the management team, so I am very excited to be back and helping to run another great camp season! I achieved my Eagle as a member of Troop 1051 in Roseville, CA, and am a current member of Crew 335. I am currently studying architecture with a minor in City and Regional Planning at Cal Poly in San Luis Obispo. There, I am also a resident advisor and working with one of my professors on a couple of local architecture projects. I am very excited about my summer as business manager and look forward to working with all of you! My favorite snack would probably be trail mix or something like apples and peanut butter.

Charles Odell—*Ranger*

This will be my second summer at Marin Sierra after spending the beginning of the year getting familiar with the area. I have been fortunate to be able to spend time at this very special place and have benefited from Andy Sawdon's 25 years of experience. My hope is to continue the same high quality of stewardship and keep the camp safe, fun, and beautiful. I have a BA in Industrial Design and an MA in Adult Education, both from San Francisco State University. I have spent many years facilitating operations in many industries and look forward to utilizing my educational and professional experience to help all visitors to Marin Sierra enjoy our camp as much as Scouts and Scouters have for over 65 years. Cashews are a great snack.
